	DWC Claim #:
	Injured Employee:
Respondent Name and Box #:  INSURANCE CO OF THE STATE OF PA Box #: 19	Date of Injury:
	Employer Name:
	Insurance Carrier #:

### PART II: REQUESTOR'S POSITION SUMMARY

**Requestor's Position Summary:** "We have found in this audit you have not paid the appropriate reimbursement according to the Acute Care Inpatient Hospital Fee Guideline. This is considered a 'trauma' admit and can be exempt from the per diem rates. We are not with the understanding that TWCC indeed for the reimbursement on trauma claims to be *less than* the applicable fee schedule. According to information we have received from TWCC regarding a medical billing database for services in 2004, trauma claims received and average payment that was 48.2% of charges. Because this information was acquired from TWCC from a Medical Dispute filed, we are considering this to be a 'fair and reasonable' calculation for trauma reimbursement." [sic]

**Amount in Dispute:** \$38,937.94

### PART III: RESPONDENT'S POSITION SUMMARY

**Respondent's Position Summary:** "This is a medical fee dispute arising from an inpatient hospital surgical admission, Dates of service 08/02/2005 to 08/06/2005. Requestor billed a total of \$54,482.95. The Requestor asserts it is entitled to reimbursement in the amount of \$40,862.21, which is 75% of the total charges. Requestor has not shown entitlement to this alternative, exceptional method of calculating reimbursement and has not otherwise properly calculated the audited charges." "To qualify for stop loss, the services provided by the hospital must be unusually costly to the hospital as opposed to unusually priced to the carrier. The services provided by the hospital (not by a physician attending a patient while in the hospital) must be unusually extensive. Exceptional cases will be entitled to reimbursement under the stop loss exception." "There is no evidence submitted by the hospital demonstrating that the services provided by the hospital were unusually extensive. There is no evidence of 'complications, infections, or multiple surgeries' requiring additional services by the hospital." "Secondly, there is no evidence that the services provided by the hospital were unusually costly to the hospital." "Using the per diem method, this four day surgical admission qualifies for \$4,472 in reimbursement. See 28 TAC §134.401(c)(1)." "Further, the Requestor is entitled to reimbursement for implantables based on the hospital cost plus 10%...To date the hospital has not provided a copy of the invoice."

### PART IV: SUMMARY OF FINDINGS

Date(s) of Service	Denial Code(s)	Disputed Service	Amount in Dispute	Amount Due
8/2/2005 through 8/6/2005	W1, W10, 97, 16	Inpatient Hospital Services	\$38,937.94	\$0.00
			<b>Total Due:</b>	<b>\$0.00</b>

### PART V: REVIEW OF SUMMARY, METHODOLOGY AND EXPLANATION

Texas Labor Code §413.011(a-d), titled *Reimbursement Policies and Guidelines*, and Division rule at 28 Texas Administrative Code §134.1, titled *Use of the Fee Guidelines*, effective May 16, 2002 set out the reimbursement guidelines.

This request for medical fee dispute resolution was received by the Division on March 16, 2006. Pursuant to Division rule at 28 TAC §133.307(g)(3), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1,

2003, the Division notified the requestor on April 5, 2006 to send additional documentation relevant to the fee dispute as set forth in the rule.

1. For the services involved in this dispute, the respondent reduced or denied payment with reason codes:
  - W1-Workers Compensation state fee schedule adjustment. If reduction, then processed according to the Texas fee guidelines.
  - W10-No maximum allowable defined by fee guideline. Reduced to fair & reasonable. No MAR has been set by TWCC in the medical fee guideline.
  - 97-Payment is included in the allowance for another service/procedure. This procedure is considered integral to the primary procedure billed.
  - 16-Claim/service lacks information which is needed for adjudication. Additional information is supplied using remittance advice remarks codes whenever appropriate. Inv req for pmt.
  - W1-Workers Compensation state fee schedule adjustment. This bill has been processed correctly per the state fee schedule.
2. This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 TAC§134.401(c)(5)(A), effective August 1, 1997, 22 TexReg 6264, which requires that when "Trauma (ICD-9 codes 800.0-959.50)" diagnosis codes are listed as the primary diagnosis, reimbursement for the entire admission shall be at a fair and reasonable rate. Review of box 67 on the hospital bill finds that the principle diagnosis code is listed as 812.49. The Division therefore determines that this inpatient admission shall be reimbursed at a fair and reasonable rate pursuant to Division rule at 28 Texas Administrative Code §134.1 and Texas Labor Code §413.011(d).
3. Division rule at 28 TAC §134.1, effective May 2, 2006, 31 TexReg 3561, which requires that, in the absence of an applicable fee guideline, reimbursement for health care not provided through a workers' compensation health care network shall be made in accordance with subsection §134.1(d) which states that "Fair and reasonable reimbursement: (1) is consistent with the criteria of Labor Code §413.011; (2) ensures that similar procedures provided in similar circumstances receive similar reimbursement; and (3) is based on nationally recognized published studies, published Division medical dispute decisions, and values assigned for services involving similar work and resource commitments, if available."
4. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
5. Division rule at 28 TAC §133.307(e)(2)(A), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires that the request shall include "a copy of all medical bill(s) as originally submitted to the carrier for reconsideration..." Review of the documentation submitted by the requestor finds that the request does not include a copy of the medical bill(s) as submitted to the carrier for reconsideration. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(e)(2)(A).
6. Division rule at 28 TAC §133.307(e)(2)(C), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires that the request shall include "a table listing the specific disputed health care and charges in the form, format and manner prescribed by the commission." The Division notes that the requestor has not listed the service in dispute or the amount in dispute on the Table of Disputed Services. The Division concludes that the requestor has failed to complete the required sections of the request in the form, format and manner prescribed under Division rule at 28 TAC §133.307(e)(2)(C). For the purpose of this review, the Division will consider the amount in dispute to be the total amount billed of \$54,482.95 less the total amount paid of \$15,545.01 for a total disputed amount of \$38,937.94.
7. Division rule at 28 TAC §133.307(g)(3)(C)(iii), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include "how the Texas Labor Code and commission [now the Division] rules, and fee guidelines, impact the disputed fee issues." Review of the submitted documentation finds that the requestor did not state how the Texas Labor Code and Division rules impact the disputed fee issues. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(g)(3)(C)(iii).
8. Division rule at 28 TAC §133.307(g)(3)(C)(iv), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include "how the submitted documentation supports the requestor position for each disputed fee issue." Review of the submitted documentation finds that the requestor did not state how the submitted documentation supports the requestor's position for each disputed fee issue. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(g)(3)(C)(iv).

9. Division rule at 28 TAC §133.307(g)(3)(D), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to provide “documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement.” Review of the submitted documentation finds that:

- The requestor’s position statement states that “We have found in this audit you have not paid the appropriate reimbursement according to the Acute Care Inpatient Hospital Fee Guideline. This is considered a ‘trauma’ admit and can be exempt from the per diem rates. We are not with the understanding that TWCC indeed for the reimbursement on trauma claims to be *less than* the applicable fee schedule. According to information we have received from TWCC regarding a medical billing database for services in 2004, trauma claims received and average payment that was 48.2% of charges. Because this information was acquired from TWCC from a Medical Dispute filed, we are considering this to be a ‘fair and reasonable’ calculation for trauma reimbursement.” [sic]
- The requestor did not submit documentation to support that “...trauma claims received and average payment that was 48.2% of charges.”
- The requestor does not discuss or explain how payment of 48.2% of charges would result in a fair and reasonable reimbursement.
- The requestor did not submit documentation to support that the payment amount being sought is a fair and reasonable rate of reimbursement.
- The requestor does not discuss or explain how payment of the requested amount would satisfy the requirements of Division rule at 28 TAC §134.1.
- The Division has previously found that a reimbursement methodology based upon payment of a hospital’s billed charges, or a percentage of billed charges, does not produce an acceptable payment amount. This methodology was considered and rejected by the Division in the *Acute Care Inpatient Hospital Fee Guideline* adoption preamble which states at 22 Texas Register 6276 (July 4, 1997) that:

“A discount from billed charges was another method of reimbursement which was considered. Again, this method was found unacceptable because it leaves the ultimate reimbursement in the control of the hospital, thus defeating the statutory objective of effective cost control and the statutory standard not to pay more than for similar treatment of an injured individual of an equivalent standard of living. It also provides no incentive to contain medical costs, would be administratively burdensome for the Commission and system participants, and would require additional Commission resources.”

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

10. The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307(e)(2)(A), §133.307(e)(2)(C), §133.307(g)(3)(C), and §133.307(g)(3)(D). The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.
